WE DIDN'T JUST BLOW IN....

Trans is remote Australia's longest running, trusted specialist recruitment entity. Based in Alice Springs, and 29 years strong (Est Dec 1997), a rich employer network is our backbone, paired with a comprehensive index of focused candidates who are seeking jobs *only* within remote Aboriginal and Torres Strait Islander environments.

Jobseekers and employers alike are aware of our historical reach and value our willingness to share specialist knowledge that only experience can bring.

Our longevity is testament to our commitment and the quality of service we provide.

But we're more than an agency, we're a resource. Your affordable advertising platform. Your support. Your recruitment instrument. Your confidant. We're unique.

Like you, we've rolled with the changes, but one thing hasn't changed – our remarkably low fees that respond to your financial capability. We reckon this makes Trans Remote the best bargain in remote recruitment history….really.

WE WANT TO HELP YOU. WE REALLY DO

We've been delivering a quality of service that clients have been returning to for decades. There are good reasons why.

We keep up to date with the ever-changing circumstances you face, and consequently, the types of workers targeted for inclusion on the Trans database. You won't have to deal with masses of inappropriate candidates if you engage us to screen them for you.

You'll minimise the risk of engaging a slip-through employee when we have so many histories and networks at our fingertips.

We go beyond the references, so you don't have to. It pays to be connected.

EXPERIENCE

Our personal experience with remote communities extends even further beyond Trans. *We've done it.* You can be assured that you're dealing with someone who knows your special needs.

PERSONALISED COMMUNICATION

Being a small mobile business, we can visit you, so you can take advantage of our extended field visits each year, taking in the Pilbara, Kimberley, and the NT. We'd love to meet you.

If you're Alice Springs based, we can drop in anytime.

ACCESSIBLE TO EVERYONE

You can afford it. There are no big agency fees here. There's an option for every scenario – see it for yourself….

EFFICIENT, AFFORDABLE AND ACCESSIBLE – THAT'S US

We can do as much or as little as you want us to. Fees are GST inclusive where applicable.

- LEAVE IT TO US

Our flagship offering. We'll check our database, use our own networks, and get the word out there. The process can be remarkably quick. There's no charge unless someone we find for you is engaged in the position. The cost? For permanent roles (over 3 months tenure), a measly 4.4% (four-point-four percent) of the annual salary. True story.

What about temporary roles? We handle them, too. Our temp fee is half that of permanent roles at just 2.2% (two-point-two percent) of the annual salary. Too good!

- PARALLEL RECRUIT

Advertising elsewhere? Fine. You can still lodge your job with us at the same time at no cost, and if you're coming up short on quality candidates when the application window closes, we'll show you who we've sourced. If you engage one of our candidates, then the above placement fees apply. Talk about backup!

It really is win-win for you.

- DIY ADVERTISING

Lodge your job to include it on our job listings here at Trans Remote. You can include as many documents and images as you wish. It'll also be included on our mailing list. You handle the rest. The cost? Piffle at $110 per job, per ad. No other fees apply.

- NEED A CONSULTANT? FIND SOMEONE ELSE TO LOVE….

There's an index of consultants, should you ever be in need. A one-off small fee is determined by the scope of the consultancy. You can go ahead and negotiate the rates and conditions directly with the consultant.

- JOB DESCRIPTIONS

If you're stuck on composing a job description, we can help you. You don't have to spend valuable time reviewing your current PDs/JDs, when we can do it for you. Ask us about how we go about this. There are some great success stories in there.

CONTACT

The work you do, and the jobs you handle, are really something special. So, don't miss out on the opportunity to benefit from what we offer and join the other 130+ remote communities and organisations who've gained so much by engaging with us, decade after decade.

You can lodge your job right now, or for more detail, drop us a line via any of the channels below.
